Give employees a smarter way to learn about their benefits-with zero lift on your end.

ACRISURE MY BENEFITS makes it simple. Let's get started.

Meet Gloria

Your Trusted AI Benefit Assistant

ACRISURE MY BENEFITS's AI-powered Benefit Assistant, Gloria, is **available 24/7/365** to help employees get accurate, **instant answers** about their benefits-confidentially and securely.

Gloria is always available, delivering answers, growing employee confidence and easing HR workload - no matter the day or season.

Built for Security. Designed for Empathy.

A Closed, Secure System

- Gloria only accesses your organization's data. Not public sources
- No data is used to train external models
- Fully anonymous, so employees can feel safe asking sensitive questions

Comfortably Personal

- Employees can ask about fertility and pregnancy coverage, weight loss options, mental health services, and more
- Multilingual and culturally sensitive
- Empowers employees to find the right answers, at the right time, without feeling exposed

Smart, But Knows Its Limits

- Escalates to HR, a benefits advisor, or the correct carrier when a question is too complex
- Ensures employees are always routed to the right human support- no dead ends
- Helps HR teams focus on high-impact work, not repeat questions like "What's changing this year?" or "Where's my medical ID card?"

Insights, Curated for You

You won't need to dig into dashboards - we do that for you.

- Your dedicated Strive account manager will regularly review Benefit Assistant activity
- We provide summarized trends, popular topics, and suggestions for improvement
- Use these insights to:
- Curate new resources, Improve benefit clarity, and Anticipate employee needs before questions pile up

Gloria Knows When to Step Aside.

Smart. Secure. Human-aware.

Gloria brings a new level of clarity and care to the benefits experience.

Let's get your team talking to Gloria.

Mobile App

Your All-In-One, Fully Customizable Digital Front Door

Personalized for Every Employee

Strive's mobile app adapts to your company's structure and every individual user, ensuring a seamless, relevant experience:

Tailored experiences by employee type

- Part-time, hourly, or full-time - each sees only what's relevant to them.

Region-specific content delivery

- Employees in the U.S. can see different resources and benefits than those in Europe.

White-labeled with your branding

- Make the app feel like your own - from colors and logos to company-specific terminology.

Integrations That Simplify Everything

Say goodbye to app overload. ACRISURE MY BENEFITS is the only app your team needs to access all your systems:

- **HRIS, benefits, EAP, scheduling, payroll, LMS, and more — all integrated in one place.** Part-time, hourly, or full-time - each sees only what's relevant to them.
- Built to be the digital front door to your company's entire ecosystem. Employees in the U.S. can see different resources and benefits than those in Europe.
- **One secure sign-on.** One experience. Everything your people need, when they need it.

Store, Share & Access What Matters

Put essential resources directly in your employees' pockets:

Benefit Wallet

- View personalized plan details, deductibles, and coverage instantly.

ID Card Storage

- Store and share ID cards easily — no more lost cards.

Family Access

- Spouses and dependents can create their own accounts to access their information, anytime.

Engagement That Actually Works

Help your employees stay connected, motivated, and informed — no matter where they are:

Newsfeed

- A company-branded, social-media-style feed to share wellness, HR, and benefits content.

Challenges & Rewards

- Create wellness competitions, build community, and reward engagement.

Push Notifications

- Reach employees instantly — wherever they are.

Launchpad for New Benefits

- Use Strive to introduce new vendors and programs.

Digital Front Door – Benefits Center Consolidation

Our **Digital Front Door** is a **single, intuitive entry point** for employees to access and manage all their benefits information.

By consolidating disparate systems into one **unified Benefits Center**, it simplifies navigation, reduces confusion, and enhances engagement.

The platform leverages secure data integrations and a **dynamic Resource Center** to create a seamless, personalized user experience.

Consolidated Benefits Center

- **Single Source of Truth** – Aggregates health, retirement, wellness, and other benefit programs into one accessible hub.
- **Unified Navigation** – Replaces multiple vendor portals with a single, branded entry point.
- **Personalized Experience** – Displays only the benefits and resources relevant to the user's eligibility and profile.

Data Integrations

- **Real-Time Connectivity** – Integrates with HRIS, payroll, insurance carriers, and wellness vendors for up-to-date data.
- **Automated Syncing** – Eliminates manual data entry and reduces errors.
- **Secure Protocols** – Uses industry-standard encryption and authentication for privacy and compliance.
- **Eligibility & Status Logic** – Automatically adjusts available resources based on employment status, location, and role.

Resource Center Content Management

- **Document & Media Uploads** – Easily add PDFs, videos, links, and articles.
- **Dynamic Tagging & Search** – Employees can quickly locate the right resources.
- **Multi-Level Organization** – Categorize content by benefit type, provider, life event, or policy.
- **Content Scheduling** – Publish time-sensitive updates, such as open enrollment materials or policy changes.
- **Mobile-Optimized Access** – Ensures employees can reach resources from any device.

Impact

- **Simplifies the Employee Experience** – No more jumping between multiple platforms or remembering multiple logins.
- **Boosts Engagement** – Employees are more likely to utilize benefits when they're easy to find and understand.
- **Streamlines Administration** – Reduces redundant communication and manual updates.
- **Improves Compliance** – Centralized document management ensures consistent access to up-to-date policies.

Create Your Own Notification

Make it timely. Make it relevant. Make it yours.

Want to engage employees around something specific to your company culture, internal events, or benefits strategy? Use this space to draft your own notifications.

Tips for writing a great notification:

- Focus on one clear action
- Keep the tone warm, conversational, and on-brand
- Pair the message with a relevant in-app resource or challenge
- Keep it short — ideally one sentence with a call-to-action

Popular custom ideas:

- Announce a new benefit
- Support an upcoming challenge or incentive
- Reinforce a wellness theme, like Mental Health Month or Financial Wellness Week
- Highlight a team story, celebration, or campaign

Need help crafting the perfect message?

We can help you brainstorm, write, and schedule custom notifications to match your goals and calendar.
