

Scalable Microsites

Strive gives You a branded, mobile-friendly hub for all your benefits information—plans, instructions, videos, forms, compliance documents, FAQs—everything in one organized, always-updated place. Employees know exactly where to go for Benefit Information.

Scalable & Replicable

- Consistent experience: Deliver a standardized benefits hub across multiple locations or business units.
- Easy duplication: Clone and adapt microsites quickly for new teams, divisions, or client groups.
- Future-ready: Expand seamlessly as your workforce or offerings grow.

Efficient & Effective

- Time-saving setup: Build fully branded sites in minutes, not weeks.
- Streamlined updates: Make benefit changes once and push them live instantly.
- Resource optimization: Reduce HR's workload while improving employee access.

Intuitive & Engaging

- User-friendly navigation: Employees find health, dental, vision, 401(k), and more in just a few clicks.
- Accessible anytime, anywhere: Mobile-responsive design ensures benefits info is always within reach.
- Personalized experience: Tailor microsites with branding, language, and resources that match your culture.
