

Meet Gloria

Guiding Employees to the Right Resource, Right When It Matters

Gloria is an AI assistant personalized to your organization, built on your approved knowledge sources — so employees are guided to the right answer in the moments of need that matter most.

Gloria digests your benefits guide, employee handbook, and FAQs into one company-specific knowledge repository, then delivers **24/7 employee Q&A** in the language your people are most comfortable using.

GLORIA

The **Right** Resource. The **Right** Moment.

Trained On Your Organization

- Company-specific AI setup, configured for your organization
- Draws only from company-approved knowledge sources

Built From Your Content

- Digests your benefits guide
- Digests your employee handbook
- Digests your FAQs

There in the Moments That Matter

- 24/7 employee Q&A — no waiting on HR
- Multilingual support for every employee
- Responds in each employee's preferred language

Everywhere Your Employees Are

- Available on the Benefits Empowerment App
- Available on the Benefits Education Hub

Guiding Employees to the Right Answer, Right When They Need It.

Smart. Personalized. There When It Matters.

Gloria guides employees to the right resource, in the moments of need that matter most.
